I C I C L E

a handmade, sculptural candle from natural plant and bees wax from New Zealand

LIVING  LIGHT
HANDMADE

GOLDEN BAY • NEW ZEALAND

Papierie

Handmade, with love, by New Zealand artisans.

Eco-friendly, biodegradable, recyclable and burn carbon-free.
Icicle candles are a unique expression of light & wonder to be experienced.

This tall, statuesque, handmade candle, known as an 'Icicle', is truly unique in the way it magically develops a lace-like pattern, changing form with each hour it burns.

As the melted wax drips down the side of the candle, pools of wax are created at the base, while sculptural, stalagmite formations give the effect of Gaudi's cathedral in Spain!

Living Light's Icicle candles are made from natural plant and New Zealand beeswax. Not only do they look amazing, but also smell divine.

Lovingly hand-crafted in New Zealand, these long-burning candles are certain to bring hours of wonder and enjoyment as they evolve over time. Be sure to place on a large heat-proof plate.

It is my pleasure to offer our Icicle candles, filled with love, to our friends in Australia. We truly value and appreciate you, and we hope they inspire and nurture you as much as they do us.

With light & love,

Cynthia xxx

FOUNDER & CREATOR

LIVING  LIGHT

Established in 1998 in Golden Bay, Living Light is a New Zealand boutique candle company that has stood the test of time with our exquisite handmade and hand-poured candles. Over the course of many years, Living Light have carefully selected and created a sophisticated palette of premium fragrances for their unique candle and home fragrance collections. Each Living Light product has been hand-crafted with love, pride and excellence by their team of dedicated artisans in gorgeous Golden Bay.

Create a Point of Difference in your store and become a Selected Stockist of the new ICICLE range in your suburb!
